

bulksms.brianware.co.ke

MAK SMS is a revolutionary online service that makes it really easy for you to send SMS messages to many people with a single click of button. Seven reasons why you will fall in love with MAK SMS: It is very easy to use; just compose a message, specify the recipients and then click 'Send'. That's all. It is fast and very reliable. Sending 10,000 messages only takes seconds. It offers accurate and real-time delivery reports which you can download as Excel files. Built-in apps and services to meet your communication needs. They include: Contacts, Text-2-Join, E-bills & Premium Alerts. SMS branding - so that you can send personalized text messages Message scheduling - schedule your messages to be delivered at a future date and time without your intervention. MAK SMS also comes with a mobile app which lets you send branded bulk SMS messages right from your smartphone. "I love it! It has made my work quite easy since sending messages its just a blink of an eye and the cost is quite minimal." - ACK Cathedral Contact us on 0708709725 or brian@brianware.co.ke
