

<http://www.njuca.co.ke>

Njuca Consolidated Company Limited is one of Kenya's leading Construction Companies and one of the few fully integrated engineering contractors enabling it to compete with internationally recognized contractors. Our organization and operation structures relate to all development sectors ranging from infrastructure, to mining, to agriculture and structural works. As such we are able to compete favourably to benefit our clients who include the Government, Parastatals, Public and Private sectors as well as NGO's.
